Intellivision game designer and producer Keith Robinson has been tapped as a last minute guest (who canceled?) on LAGtv.com (Live Gamer Television). The show airs tonight (Tuesday, March 10) at 11 PM Eastern Time / 8 PM Pacific. The show is live, so viewers will have a chance to ask questions online and possibly score some Intellivision freebies.

Keith designed and programmed the Intellivoice game TRON Solar Sailer, created the concept for Thin Ice, and was producer of Shark! Shark!, Hover Force and others. Today, he is President of Intellivision Productions, Inc.

LAGtv.com mainly reports on the latest and greatest in gaming, but tonight they'll let grandpa spin some yarns about the steam-powered video games of yore.
